### School Description

Boys Republic High School is a small, comprehensive, four-year high school. The school campus is located within the boundaries of the Boys Republic 211 acre farm. The majority of the students attending the school live in one of the six adjacent dormitories, each of which houses about 25 students. Boys Republic has much tradition, charm, and atmosphere that enhances and augments the unique program created and designed to meet the individual needs of its student population.

Since its founding in 1907, Boys Republic has been busy making life better for its students. The courts, usually for family or disciplinary reasons, place most of the students in the program for problems or failures in school, in their family structure, or violations of the law or probation. Prior to placement, most students have failed even in the alternative high schools, have records of truancy, and average about two years below their expected grade levels where credits are a concern and most are far below basic in academic skills.

At Boys Republic we believe that every student must become a contributing member of society. They will most likely accomplish this by progressing toward self-reliance through gaining an education, self-respect, and being accountable for their own actions. "Nothing Without Labor" has been the Boys Republic motto since its earliest years.

The Institution of Boys Republic goals/philosophy are:

- Develop in each student a feeling of self-worth as a functioning contributing member of society.
- Develop respect for the law, for authority, and for the rights and property of others.
- Develop within each student acceptance of responsibility for their own behavior and the rewards and consequences resulting from behavior outside of acceptable norms.
- Develop essential educational skills in academic and technical areas, which will assist each student in meeting the ever-changing demands for employment and effective citizenship.
- Develop each student's ability to get along with others in the give-and-take relationships of the modern world.

At Boys Republic High School our vision and mission is to complement the vision and mission of the Institution of Boys Republic. Educational success is one of the components of any young man's placement goals at Boys Republic. To this end, the school in conjunction with Boys Republic has instituted the Student Learner Outcomes (SLO) to assist students in achieving both academic and placement success. In short, BRHS vision is to provide students with the necessary skills, knowledge, and confidence to be contributing members of society.

Our Mission at BRHS is to provide relevant education and develop the academic, vocational, and social skills essential to assist the youth we serve. We seek to cultivate the potential of each student by encouraging students' personal accomplishments and necessary changes. We strive to develop students to their full capacity to live self-directed lives as productive citizens.

Beliefs: Respect, Responsibility, Relationships, Integrity, Accountability.

1. All students will demonstrate appropriate citizenship while at Boys Republic and become contributing citizens in their own communities after graduation.
2. All students will live the Boys Republic motto, 'Nothing Without Labor' and take that work ethic with them into the job market.
3. Students will make progress toward becoming credit current, or become credit current, or graduate from high school, or pass the GED and or be prepared to enter the work force upon leaving Boys Republic with vocational skills.

Develop student paths that will lead to the student achieving a High School diploma and/or GED and/or vocational skills that will provide an adequate stand of living.

### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

On October 14, 2015, the Chino Valley Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution 2015/2016-30 which certifies as required by Education Code 60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks in the following subjects: history/social science, mathematics, reading/language arts, and science, (2) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, (3) laboratory equipment was available for science laboratory classes offered in grades 9-12, inclusive.

Textbooks and instructional materials are provided for each student for use in class and to take home. It was determined that each pupil in each school has sufficient textbooks and instructional materials that are aligned to the academic content standards in the core subject areas for the 2015/2016 school year.

### School Facility Conditions and Planned Improvements (Most Recent Year)

A cornerstone of Boys Republic’s approach to working with troubled teenagers is our insistence on involving students in the care and improvement of the facility that serves them — we take every opportunity to turn a project into a learning experience for our students. It’s all about the kids. Two recent projects centering in Boys Republic’s athletics fields offered our students an opportunity to collaborate with both Boys Republic physical plant staff and community volunteers.

The existing baseball field dugouts were in a state of disrepair; the design offered no protection from the elements. It was Lowe’s Heroes Day at Boys Republic and eight employees from one of the company’s local home improvement centers helped build footings for improved baseball field dugouts, designed by Boys Republic masonry students. Baldy View ROP and Roscoe’s Famous Deli contributed toward building materials.

Visiting athletic teams, as well as car show guests and others, will now find a hospitable restroom, just adjacent to the football field. The smart-looking facility was inspired by plans borrowed from the City of Chino Hills; it attracted both financial and material support from Baldy View ROP, Roscoes Deli, and Lowe’s Home Improvement Centers. It was constructed by Boys Republic physical plant staff and masonry students.

Grounds and maintenance personnel ensure that the physical plant is kept in a neat, clean, and safe condition. Boys Republic takes great pride in the natural beauty of our campus and goes to great lengths to keep our many trees and plants in a healthy, vibrant condition.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2015-16 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

All Students	25	23	92.0	8.7
Male	25	23	92.0	8.7
Hispanic or Latino	17	17	100.0	11.8
Socioeconomically Disadvantaged	25	23	92.0	8.7

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

School Year 2015-16 CAASPP Assessment Results - English Language Arts (ELA) Disaggregated by Student Groups, Grades Three through Eight and Eleven					
Student Group	Grade	Number of Students		Percent of Students

All Students	11	35	22	62.9	9.1
Male	11	35	22	62.9	9.1
Hispanic or Latino	11	22	14	63.6	7.1
Socioeconomically Disadvantaged	11	29	21	72.4	9.5

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

Every attempt is made to involve family members in the rehabilitation process and to bring about the reunification of the family. We consider the development of academic, vocational and social skills essential in assisting the youth we serve to return to the community as useful, productive citizens.

Due to the severe trauma that has existed in the homes and communities of many of our students, emotional problems are evident with our students. These problems have left them with a greater degree of being “at risk” in the academic areas.

Boys Republic High School is a public school in a private setting. Students are placed at Boys Republic (treatment facility) by the juvenile court system throughout California. During their 6 to 12 month stay parents have lost all Parental Rights but not Educational Rights. Therefore, parents are kept informed regarding educational issues that can have an impact on their student.

#### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

Boys Republic High School goes to great lengths and takes pride in being able to provide students with an exceptionally clean and safe environment in which to learn. Grounds are continually maintained on a daily basis, providing an aesthetically attractive environment for students to not only learn in, but live in as well. Since students are taught to confront each other when inappropriate behavior takes place, graffiti is kept to an absolute minimum.

Boys Republic provides a 24-hour security department that ensures students are safe from any forms of intimidation either among themselves or from outside sources. Boys Republic provides continuous staff supervision that ensures all students get adequate sleep and maintain proper hygiene so that maximum effort can be directed towards learning. Many Boys Republic students are at-risk gang affiliates. With this in mind, firm rules have been implemented regarding gang slogans, dress, colors worn, hand gestures, and many other items that may create gang tension.

**Professional Development provided for Teachers**

The Chino Valley Unified School District is committed to high quality Professional Learning to support the instructional capacity of teachers and leaders. Professional learning opportunities are aligned to CVUSD's Area of Emphasis for Common Core ELA, Common Core Math, 4C's-Critical Thinking, Student Behavior, Instructional Technology and Formative Assessments. These areas were identified by the Teaching and Learning Task Force as focus areas for our district in 2015-16. Professional learning opportunities are evaluated through survey results, feedback, and next steps from End-Users. Professional learning opportunities are varied in its delivery: district-wide days during school hours, after-school workshops and volunteer sessions. Implementation for learning is supported through Site-Based PD from Site Administrators and coaching opportunities from Intervention Specialists.

### Types of Services Funded

The district's general fund includes monies for:

1. General operations- services, materials, and support to the general education.
2. Specific education-programs offering appropriate, individualized education to students with special needs.
3. Special projects- monies from agencies (e.g., federal, state) earmarked for specific services.
4. Transportation
5. Maintenance and operations
6. District administration
7. LCFF/LCAP- Serves targeted students of the district See District's LCAP plan located on [www.cvusd.k12.ca.us](http://www.cvusd.k12.ca.us)

Each school in the district receives an instructional budget based upon enrollment, programs and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
