Chino Valley schools provide a high-quality education to local students

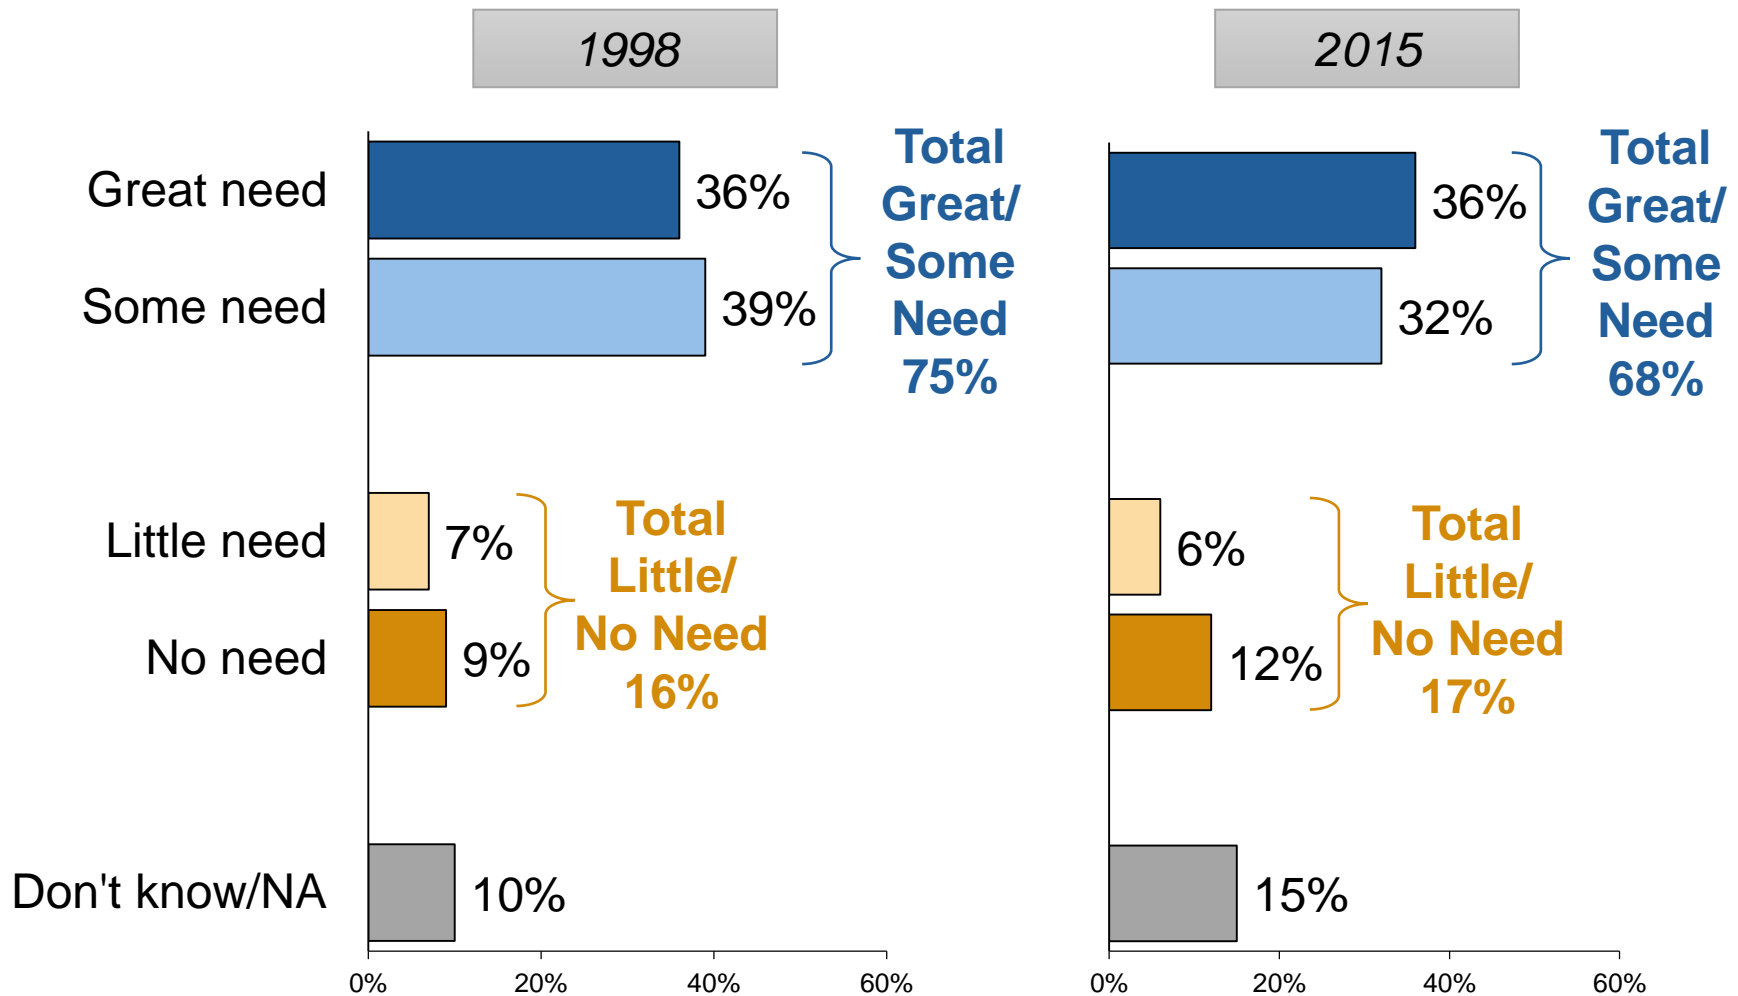

Respondents overwhelmingly believe that the quality of public schools is linked to their property values.

Improving our public schools will help maintain strong property values.

Two-in-three respondents feel the District has "great" or "some" need for additional funding.

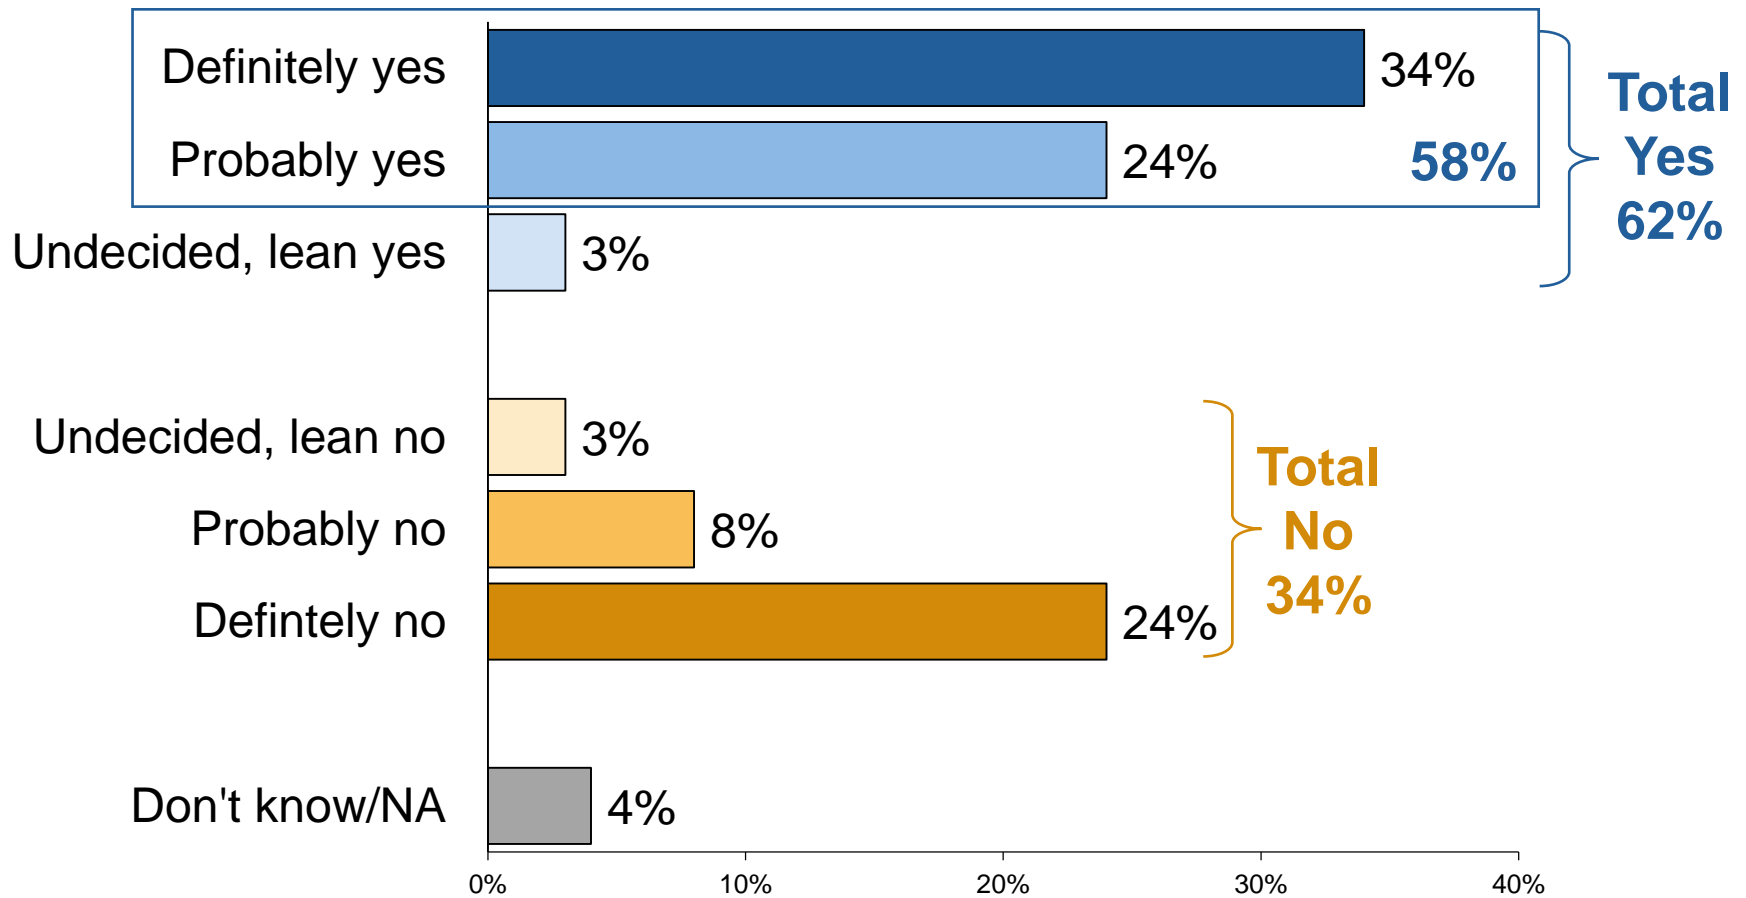

Chino Valley USD Conceptual Education Funding Measure Statement

CHINO VALLEY UNIFIED SCHOOL DISTRICT CLASSROOM REPAIR AND SCHOOL SAFETY IMPROVEMENT MEASURE

To improve every neighborhood school and retain/attract quality teachers by repairing deteriorating classrooms, bathrooms and plumbing; removing asbestos/lead paint; ensuring safe drinking water; updating security, fire safety, science/computer labs and classroom technology; and repairing, constructing, and acquiring educational facilities, sites, and equipment; shall Chino Valley Unified School District issue \$700 million in bonds, at legal interest rates, requiring annual audits, independent citizens' oversight, no money for administrators' salaries or pensions, and all funds used locally?

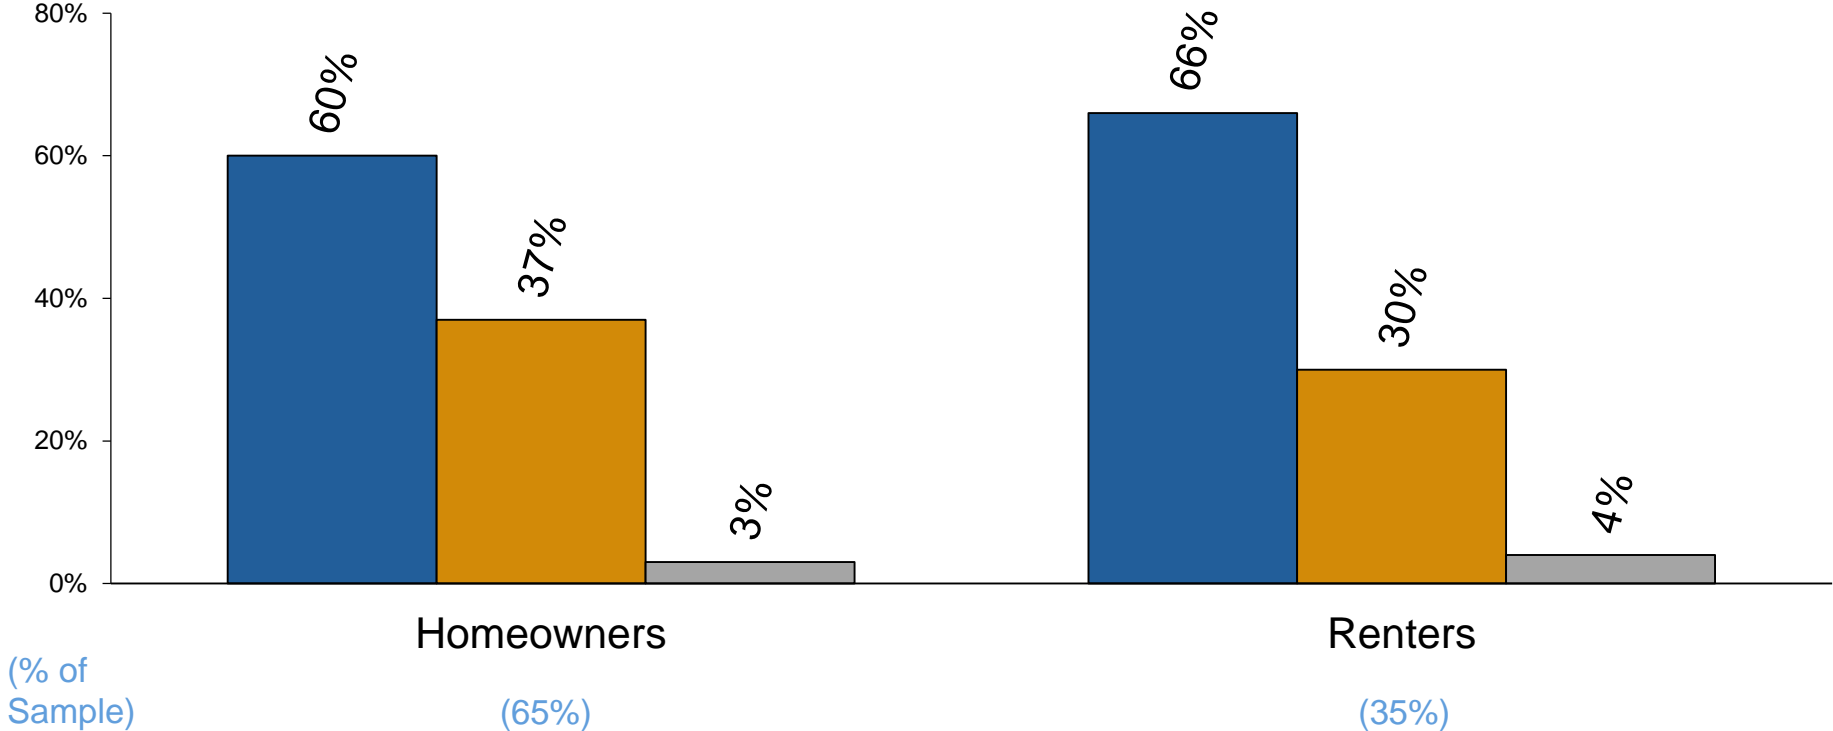

After hearing this conceptual statement, more than six-in-ten respondents are interested in a potential 55% requirement education funding measure.

Interest is comparable among renters and homeowners.

Conclusions and Recommendations

- ✓ The community values its schools and the education the District provides
- ✓ The District should weave constituent perspectives in to its current Facilities Master Plan process to improve educational environments at all school sites
- ✓ The District should obtain additional input from stakeholders (parents, students, teachers and staff) at every school site and the public at large
- ✓ We recommend that these “Community Conversations” occur over the coming months
